

FOR EVERYTHING YOU NEED TO PROTECT MEDECO HAS THE SOLUTION.

From slot doors to cash boxes, Medeco provides a series of high security gaming locks for virtually every application on the casino floor. Medeco's DuraCam gaming locks are used in casinos throughout the world and are equipped with one of the strongest keys on the market. Additionally, the DuraCam keys carry a lifetime guarantee against key breakage.

For applications where the risk associated with a lost or stolen key is immense Medeco offers the DuraCam II, which features a removable core to make changing locks

quick and easy. Changing the core of the lock takes only a matter of seconds, saving the casino time and money. The DuraCam and DuraCam II designs are available in a variety of different lock formats such as cam locks, padlocks and furniture locks. Whatever the application, Medeco's full line of gaming products can offer the solution.
